PROJECT TITLE: Restoration of Granular Activated Carbon (GAC) System at Well 8

PROJECT APPLICANT: City Of Turlock

PROJECT LOCATION- SPECIFIC: 1690 Palmer Drive, Assessor's Parcel No. 073-021-025.

PROJECT LOCATION – CITY: City Of Turlock **PROJECT LOCATION – COUNTY:** Stanislaus County

DESCRIPTION OF NATURE, PURPOSE AND BENEFICIARIES OF PROJECT: The City is rehabilitating an existing municipal water supply well (Well No. 8 located at 1690 Palmer Drive) as well as the existing granular activated carbon tanks to treat 1,2,3,-Trichloropropane which has been found through testing of water. These tanks were originally installed in 1994 to treat Ethylene Dibromide and were inactivated after the contamination was effectively treated and was no longer detected in the groundwater. Well No. 8 exceeds the maximum contaminant level for in 1,2,3,-Trichloropropane by a factor of 10. The City proposes to reactivate the tanks in an effort to bring this water supply back online.

NAME OF PUBLIC AGENCY APPROVING PROJECT: City of Turlock

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: City of Turlock, Municipal Services Department

PROJECT APPROVAL DATE: February 7, 2018

EXEMPT STATUS:

Ministerial (Section 21080(b)(1); 15268)

- Declared Emergency (Sec. 21080(b)(3); 15269(a))
- Emergency Project (Sec. 21080(b)(4); 15629(b)(c))
- Categorical Exemption. State type and section number: 15301 and/or 15302
- Statutory Exemptions. State code number: _____

REASON WHY PROJECT IS EXEMPT: As allowed by Section 15301 (b) existing facilities of both investor and publicly-owned utilities used to provide electric power, natural gas, sewerage, or other public utility service involving negligible or no expansion of use beyond that of what is existing are exempt from CEQA. In addition, as allowed by Section 15302 (c), the reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity are exempt from CEQA.
